

PROBLEMS WITH YOUR WATER?

WE HAVE SOLUTIONS

Water can take on any number of problems especially if you are on a private water supply such as a well. Common problems such as high iron content, turbidity from suspended sand and silt or acidity can cause costly damage to pipes and appliances. A NovoClear Whole-house filter provides you with clean, clear water for your home.

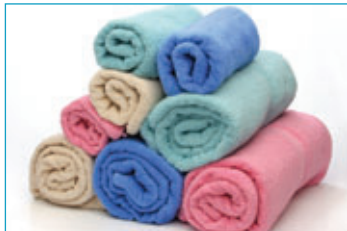

NOVOCLEAR 465 SERIES WHOLE-HOUSE WATER FILTER

TYPES OF FILTERS

- **TASTE & ODOR**
 - Remove chlorine and organics that make water smell and taste bad.
- **MULTI-MEDIA**
 - Eliminate suspended sand and silt that makes water cloudy.
- **NEUTRALIZING**
 - Raise the pH of acid levels in the water to neutralize corrosiveness to protect fixtures, pipes and appliances.
- **CHEM FREE IRON REMOVAL**
 - Remove soluble or precipitated iron without the use of expensive or messy chemicals.
- **MANGANESE GREENSAND**
 - Iron, manganese and sulfur are oxidized into solids and trapped in the filter bed where they get flushed to the drain when the filter regenerates.

Features:

- Exclusive NSF Certified electronic control valve with reliable piston, seal and spacer technology
- Lifetime Warranty on NSF Certified fibreglass tanks; 7 years on valve
- Scrolling “No-touch” diagnostic LCD display showing time and date, capacity, volume remaining, regeneration time, last regeneration date, current flow rate & peak flow rate
- Meter Immediate, Meter Delayed, Meter Override and Calendar Clock mode
- Adjustable cycle times
- Language selection (English, French)
- Tank jackets reduce condensation problems. Standard on 8", 9" and 10" models
- Unique bypass with an integrated space saving turbine meter and sample ports on the inlet. One-piece design avoids meter jamming
- Time saving quick connect fittings on bypass and brine line. Powercord even has quick connect for easy valve spin on.
- Drain line o-ring eliminates need for Teflon
