

Total Home Protection Water Conditioning Systems

The best water for your home and family.

NOVO TOTAL HOME PROTECTION

Even clear, odorless water from a municipal water supply can bring unwanted contaminants like chlorine, lead and hardness minerals into your home.

Novo's Total Home Protection systems remove unwanted impurities from water, leaving soft, clean, filtered water throughout the home.

Total Home Protection Plus

Total Home Protection System

Novo 485 HTO**
Softener & Carbon Filter Combination System.

IAPMO R & T Certified Against NSF/ANSI 44 and CSA B483.1

Certified by IAPMO R&T to NSF/ANSI 42 for Chlorine Reduction

High quality, filtered water throughout the home	★	★	★
Eliminates hard water damage	★	★	★
Removes chlorine, chloramines & organics	★	★	★
High-efficiency softening: uses 75% less salt than calendar clock systems	★	★	★
Purified Drinking Water		★	★
Protection from bacteria and viruses***			★

* The QCRO4V-50 is certified by IAPMO R&T to NSF/ANSI 58 for the reduction of Lead, PFOS/PFOA and other harmful contaminants.

**485-HTO systems are certified to IAPMO NSF/ANSI 42 and IAPMO NSF/ANSI 44

***Water main breaks can allow bacteria and viruses into municipal water systems. Ultraviolet systems protect against this contamination.

Novo 485 HTO

Share the benefits of combining water softening and carbon filtration for Total Home Protection.

Benefits of Soft Water

- Lower water heating costs by 30%*
- Lower soap and detergent use by up to 50%*

- Prevent costly scale build-up in pipes, faucets & showerheads
- Avoid premature failure of water heaters & other water using appliances

- Brighter, softer laundry
- Sparkling dishes

- Healthier skin
- Softer, healthier hair

* Water Quality Research Foundation Studies (2010 Detergent savings study, 2009 Energy Savings Study)

Benefits of Carbon Filtration

Great Tasting, Healthy Water

Drinking lots of water should be at the core of your health routine. Ingesting lots of chlorine and harmful contaminants should not!

Protect Skin & Hair

Exposure to harsh chlorine and chemicals can damage your skin causing excessive dryness.

Protect Plumbing & Appliances

Chlorine quickly destroys rubber seals & gaskets causing costly leaks. Chloramines are corrosive and can cause pin hole leaks in pipes.

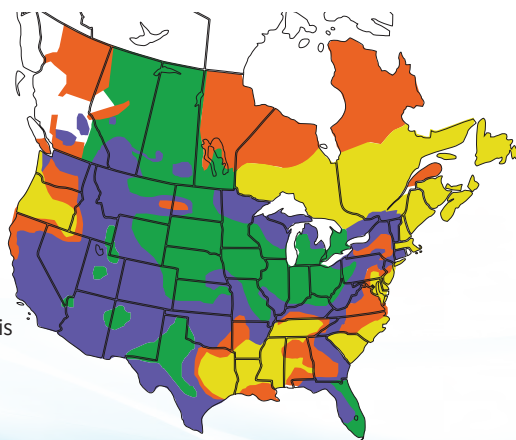

Breath Easy

Clean, healthy air...free from chlorine and volatile organic chemicals (VOC's). Steam from showers can contaminate the air you breath.

- Yellow <3 gpg Slightly Hard
- Orange 3 - 7.5 gpg Moderately Hard
- Purple 7.5 - 14 gpg Hard
- Green > 14 gpg Very Hard

Hard water is caused by dissolved minerals calcium and magnesium and is measured as grains per gallon (gpg).
