

Total Home Protection Water Conditioning Systems

The best water for your home and family.

NOVO TOTAL HOME PROTECTION

Even clear, odorless water from a municipal water supply can bring unwanted contaminants like chlorine and lead into your home.

Novo's Total Home Protection systems remove unwanted impurities from water, leaving clean, filtered water throughout the home.

Total Home Protection Plus

Total Home Protection System

IAPMO R & T Certified
Against NSF/ANSI 42

High quality, filtered water throughout the home	★	★	★
Removes chlorine, chloramines & organics	★	★	★
Purified Drinking Water		★	★
Protection from bacteria and viruses**			★

* The QCRO4V-50 is certified by IAPMO R&T to NSF/ANSI 58 for the reduction of Lead, PFOS/PFOA and other harmful contaminants.

**Water main breaks can allow bacteria and viruses into municipal water systems. Ultraviolet systems protect against this contamination.

485DF Taste & Odor Filter

The benefits of carbon filtration for Total Home Protection.

Benefits of Carbon Filtration

Great Tasting, Healthy Water

Drinking lots of water should be at the core of your health routine. Ingesting lots of chlorine and harmful contaminants should not!

Protect Plumbing & Appliances

Chlorine quickly destroys rubber seals & gaskets causing costly leaks. Chloramines are corrosive and can cause pin hole leaks in pipes.

Protect Skin & Hair

Exposure to harsh chlorine and chemicals can damage your skin causing excessive dryness.

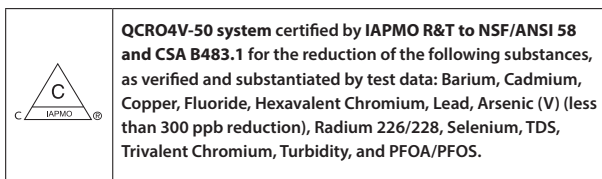

Breath Easy

Clean, healthy air...free from chlorine and volatile organic chemicals (VOC's). Steam from showers can contaminate the air you breath.

AQUA FLO®

Platinum QCRO4V-50

Aqua Flo Platinum QCRO is IAPMO R&T certified for the reduction of PFOA/PFOS, lead and other harmful contaminants from water.

QCRO4V-50 system certified by IAPMO R&T to NSF/ANSI 58 and CSA B483.1 for the reduction of the following substances, as verified and substantiated by test data: Barium, Cadmium, Copper, Fluoride, Hexavalent Chromium, Lead, Arsenic (V) (less than 300 ppb reduction), Radium 226/228, Selenium, TDS, Trivalent Chromium, Turbidity, and PFOA/PFOS.

AQUV®

by AQUA FLO

AQUV-8

Reliable UV technology at an affordable price.

UV technology is proven to control microbiological (bacteria & virus) issues in water including *E.coli*, *Cryptosporidium*, and *Giardia Lamblia* without the use of chemicals.
